

Lush Party

What is it?

At a lush party you can get hands on creating a body lotion and either a body scrub, a lip balm or a lip scrub. We will share our expertise, tips and tricks and guide you on your unique creations. But most of all, we will have fun creating together!

How does it work practically?

Our instructor will arrive approximately 30 min. before the session takes place to set up and ensure everything is ready to go.

At the start of the session, we will show you some examples of lotions, body and lip scrubs, and lip balms. We introduce to the materials to you and give a brief overview of the process.

Every participant can then choose from a large variety of essential oils and mixtures to scent and colour their creation; making it truly unique.

The completed creations will be set aside and participants will decorate their personalised packaging.
