Bunting Fun

3 hours

What is it?

Bunting fun is our session in which you get you hands on creating your very own and personal bunting. You can either work together as a team to create bunting to welcome the new arrival, or make individual projects. We will share our expertise, tips and tricks and guide you and your guests on their unique creation.

Only £25 pp*

How does it work practically?

Our instructor will arrive approximately 20 min. before the session takes place to set everything up and get ready to go.

At the start of the session, you will be shown examples of creations, introduced to the materials and given a brief overview of the process.

Every guest can then freely choose from a variety of fabrics and bunting hem material to make their creation truly unique.
